

foreword

Techno India Group started in 1985 for the exclusive purpose of delivering quality education in science and engineering in the state of West Bengal, India. Today Techno India is the recognized leader among private education groups in India for its academic excellence and vast multitude of course offerings.

The group has attracted toppers from almost all renowned schools in India particularly in West Bengal in its engineering colleges which in turn aroused the interest among leaders like TCS, Infosys, CTS, Reliance and several other renowned corporate houses for fresh engineers.

Techno India Group is the leader in quality education with campuses consisting of Global Universities, Engineering Colleges, Business Schools, IT Schools, Public Schools and Model Schools with several other Institutions and Industries.

The group is propagating education in Technology, Science, Management & Medicine and promoting the concept of Vertical Integration from Play Group to Ph. D under one roof.

The overwhelming success of these institutions prompted to establish educational institutions to nurture children from the grass root level with the mission to develop in-depth knowledge for the new learners in the smart and green schools.

Smart school effort is to develop new and effective approaches to teaching and thus the concept of E-learning which uses digital technology in teaching and learning process.

Adhering to the same teaching techniques that are being followed in higher education, a revolution is all set for the lower level as well. From the grassroots level the group introduces effective bridge course for Communicative English - a unique feature of the school providing confidence both to the students and their parents. Traditional education tends to value a limited range of knowledge and skills but more recent research suggests that intelligence is not unitary but multiple. The Schools aim to give students a broader, deeper and richer educational experience by recognizing each student's strongest aptitude and building on them through modern learning tools, in order to ensure that all potential areas are developed.

The schools recognize the fact that potential to achieve Excellence is hidden in every student and hence in a pioneering effort, provides a stimulating congenial learning atmosphere, so as to give the students a learning edge over others. They have a reputation for their academic achievement and innovation. A child-oriented method of education is followed, with attention to individual potential. All the schools offer excellent facilities and resources for learning in its well-stocked libraries and laboratories.

Techno India Group Public School comprises of co-educational English medium day school with day boarding and hostel facilities in some of the campus.

The only good is knowledge and the only evil is ignorance - Socrates

objective

OBJECTIVE

TECHNO INDIA GROUP PUBLIC SCHOOL strives at the total development of the student with special emphasis on intellectual and moral growth. The objective is to take special effort to cultivate a warm and friendly teacher-student relationship which would guide the students to become well-rounded individuals. Apart from education, the institution is also motivated to provide holistic upbringing of the students.

In order to achieve this, we at Techno India Group Public School strive to :

- inculcate in every student a spirit for excellence in curricular & co-curricular activities
- create a notion in every student to lead a life based on firm principles and high moral values
- prepare every student to be at service to society and nation
- create a sense of responsibility, dedication, character, ethical practices and honesty in every student

English, Bengali/Hindi, Mathematics, Science, Nature Studies and Environmental Studies, Social studies, Computers and General Knowledge, Value Education etc.

Class VI - VIII :

English, Hindi/Bengali, third language Mathematics, Science (Physics, Chemistry and Biology), Computer Science, Social Science (History, Civics, Geography), Arts/Craft/Music, Physical Education, Value Education, General Knowledge.

Class IX - X :

English, Bengali/Hindi, Science, Social Science and Mathematics, Information Technology, Arts/Craft/Physical Education.

Class XI - XII : † Science † Commerce † Humanities

Academic Year

The academic year is from April to March, with each academic year divided into 2 terms:

1. April to September (including Summer Vacation).
2. October to March (including Puja Vacation and Winter Break).

Evaluation and Promotion

Student's merit and performance are assessed through a system of Continuous and Comprehensive Evaluation System (CCE) in the primary and secondary classes through planned Formative and Summative Assessment in each term. Students are graded according to aggregate performance and promoted to the next class at the end of each academic year. This system has brought about a paradigm shift from examination to effective pedagogy.

FACILITIES

Faculty

The students are guided by highly experienced and qualified faculty members, who are compassionate enough to ensure that they understand the need of an individual child, just as their parents do at home. The teaching methodology concentrates first on the student's aptitude, then on the skill and knowledge he/she needs to acquire.

Each subject has a separate department consisting of a head of the department with adequate number of qualified and experienced teachers. The performance of the faculty members are graded periodically through self evaluation and a process by the academic council for the respective year.

While our academic results speak for themselves, the overall quality of the teaching staff has been further enhanced by numerous and well designed teacher training workshops.

A good teacher is like a candle, - it consumes itself to light the way for others

discipline

Association of experts, educationists and reputed professors enlighten the teaching-learning process.

Several in house training, workshops are organized for teachers for up gradation of teaching skills and for staying abreast of the latest pedagogy.

Education Technology tools in Teaching Learning process

- ✦ Audio-visual support is provided for better learning experience
- ✦ Online education support is provided to the students

Infrastructure

Our group schools being one of the most prestigious CBSE schools in the State of West Bengal, the buildings of the schools which have been constructed are of very modern standards. The schools are located amidst sprawling ambience and greenery with a landscape that makes them perfect for a wide-angle learning environment.

Technology aided learning is an integral part of the school curriculum. PowerPoint presentations are made by teachers and students and this helps in clarifying concepts and promoting cooperative learning.

Library and Information Service

The library houses a wide variety of books and journals. It serves as store house of information related, to prescribed text books and beyond. Its purpose is to inculcate reading habit amongst students.

Renowned works of Fiction, Classics, Self Help Books, Science & Technology Periodicals, Journals related to history, culture, exploration along with selected local and national dailies are housed here.

Computer Aided Learning

A well-equipped computer lab and mobile computers have helped knowledge to go beyond the confines of the class room. As a matter of fact we maintain a high level of computerization.

Compulsory Computer Education with Multimedia, Internet access is provided to the students enabling them to be at par with the educational technology of international standards. In tune with the times, the school takes special care to offer computer classes to all students. Interest of students is sustained by Audio-Visual presentations.

Transport

Bus services will be available from selected convenient points only against payment of necessary charges.

*Education is the most powerful weapon with which you can change the world
- Nelson Mandela*

Strengthening academic activity within the existing curricula

- ✦ Implementation of Academic Calendar and strict delivery of programs as per Academic Lesson Plan
- ✦ Follow-up and Feedback System for close monitoring of Academic Progress
- ✦ Systemized Student Evaluation and Regular Assessment

SUPPORT

Health

Every care is taken of students' health. The schools have well equipped sick rooms for emergencies, a qualified full time nurse and a doctor on call for any child who needs attention.

The School conducts periodical medical check-up of students.

Care is taken to ensure that students are in good health all through the year. Medical check-up of every student is done twice every year and parents are apprised through health cards which are updated from time to time.

Counselling

We have specialized and qualified professional Counsellors available at every level for the guidance of the students.

Life Skill Education

Life Skill classes are an integral part of the class routine which helps the students to adapt to a situation positively and deal effectively with demands and challenges of every day life.

Inclusive Education

At Techno India inclusive learning runs parallel for slow learners with developmental delays and they are included in the mainstream classroom. Trained special educators cater to the children according to the need based programme.

Prizes and Awards

Meritorious students are awarded scholarships & free ships.

Full or part Scholarships or Bursaries are available to needy and meritorious students.

The School management also gives prizes/awards/scholarships to deserving students during the course of study or after the board results are published.

Career Development

The School has a scheme and system for guiding the students for competitive exams. During the course of studies itself guidance is given for preparation in different competitive examination like JEE, AIEEE, etc. depending upon the merit of the student.

Knowledge is the eye of desire & can become the pilot of the soul - Will Durant

co-curricular activities

Periodic online tests are also conducted for student's academic benefit.

Experts in career guidance and industry leaders visit the School and interact with the students to advice them on different career options, before the end of the session.

Security

Techno India Group Public School strictly maintains the security of the students. Visitors' entry in the School Campus is highly restricted. Visitors may be allowed to meet a student on an emergency call or handed over to the escort subject to necessary verification.

For the security and safety of the students an effective fire fighting system has been installed with smoke detectors. Experts have been invited to guide the students and management in learning appropriate emergency processes.

Co - curricular Activities

We at Techno believe that every child has some latent potential and talent and we seek to make them aware of the same.

TIGPS has extensive facilities for students to practice the performing arts and learn them .It has been seen that the muses have always been a boon to the moral and spiritual development of a child and it is this environment that aspires to create.

Wide range of co-curricular activities under one roof is provided like, Martial arts, Music - Vocal & Instrumental both Eastern & Western, Elocution, Dance, Drama, Art & Craft, Chess, Yoga and Meditation. Celebrities who are experts in the field of dance, music and elocution conduct workshops frequently in the school campuses. Special talks are held on Motivation by a renowned sports personality.

Summer camps are organized for our children so that they can pursue an activity of their choice in depth.

Games and Sports

Games and sports are compulsory part of the educational process. The outdoor and indoor game programmes are Football, Cricket, Basket Ball, Volley Ball, Badminton, Table Tennis, Hand Ball, Gymnastics, Yoga, Chess, Athletics and swimming. Expert coaches guide the students.

Green Concept

Students are exposed to study on conservation of nature, energy, water resources, and prevention of pollution to lead a healthy life.

Outward Bound

Study tours and excursions are organized to sensitize students to the natural, cultural and social world.

The very spring and root of honesty & virtue lie in Good education - Plutarch

admission procedure

Parent-Teacher Meeting

In order to apprise parents of their wards' progress, Parent Teacher meetings are held where parents /guardians meet the class and subject teachers of their wards every year periodically. Special attention is paid to the under-achievers whose progress is intimated to guardians at regular intervals.

ADMISSION

Procedure

The registration form may be submitted either (a) manually or (b) online. Registration form can either be filled up online from the school website: www.tigpublicschool.org /www.technoindiagroup.com or can be collected from the school office.

For (a) The registration form will be available at the school office on payment of registration fee. The form has to be filled up manually and submitted to the school office. Admit Card would be given from school mentioning the date of interaction/observation.

Or

For (b) The registration form can also be submitted online. An admit card would be processed & delivered online instantly.

A photograph needs to be pasted on the admit card for purpose of verification and same must be brought to school on the day of the interaction / observation.

Online registration process will be complete only after payment of the requisite registration fee at the school office at the time of interaction/observation.

Registration fee must be paid on the day of Interaction/Observation.

Students who have submitted the form online must pay the registration fee on the day of Interaction/Observation.

The date of Interaction/Observation will be informed to the guardian through your registered mobile no and email id.

Please mention the online user ID for all future correspondence. Mere allotment of a user ID to the applicant will not ensure admission. Admission will depend on the selection process.

- ✦ Admission is granted strictly on the basis of merit of the child.
- ✦ Admission is purely on academic grounds. Any effort to influence the school in this regard in any form will disqualify the candidate.

Documents required for registration with the school are as under:
